

# **Welcome to METAL CHINA/DIECASTING CHINA/NONFERROUS CHINA 2025, MAY 20-23, 2025, TIANJIN, CHINA!**

Founded in 1987, China International Foundry Expo(METAL CHINA) is the only foundry exhibition sponsored by a national-level industry association in China. It is authoritative, representative, forward-looking and industry-oriented, and has grown into a world-class industry event. China International Die Casting Industry Exhibition(DIECASTING CHINA) is based on the classic brand exhibition "International Nonferrous and Special Foundry Exhibition", which is the vane to lead the non-ferrous sector. The total area for both exhibitions exceeds 100,000 square meters, with more than 100 supporting programs, which attract more than 1,300 well-known exhibitors and more than 100,000 professional visitors from over 30 countries and regions to participate online and offline. It has become an important platform for the transformation and upgrade of the foundry industry.
